PROFILE

Full-Stack & AI Engineer specializing in Next.js, React, and TypeScript, with expertise architecting robust backends using Node.js, Express, and Prisma ORM. Skilled in implementing real-time features, secure JWT auth, and multi-gateway payment systems. Advanced proficiency in AI engineering, leveraging the Vercel AI SDK, OpenAI API, and Model Context Protocol (MCP) to deploy autonomous agents, context engineering, and RAG pipelines that bridge intelligent AI capabilities with scalable web architecture.

EXPERIENCE

Jr Mern Developer, Softvence - A concern of Betopia Group

Jan 2026 to Apr 2026

- Ride-Sharing Admin Dashboard: Engineered a real-time tracking platform (Uber-style) using Socket.io and maps. Implemented TanStack Table/Virtual for high-performance data rendering and interactive analytical charts.
- SEO-Optimized News App: Built a fast news platform using Next.js, SSR, and ISR to maximize SEO visibility and performance.
- Healthcare Management System: Developed a secure patient data and appointment scheduling application using Shadcn/UI and Tailwind CSS.
- Backend & APIs: Designed robust RESTful APIs (Node.js, Express, Prisma/Mongoose). Integrated Stripe/SSLCommerz payments, automated PDF generation, and Nodemailer.

EDUCATION

Higher National Diploma

2011

Aeronautical College of Bangladesh

Higher Secondary School Certificate (HSC)

2007

BCIC College, Dhaka

GPA: 4.6/5.0

Secondary School Certificate (SSC)

2005

BCIC School, Dhaka

GPA: 5.0/5.0

SKILLS

Languages & Core: JavaScript (ES6+), TypeScript, HTML5, CSS3

Frontend Architecture: React, Next.js, Redux Toolkit, RTK Query, TanStack Query (React Query)

Backend & Databases: Node.js, Express.js, PostgreSQL, MongoDB, Prisma ORM, Mongoose

UI, Design & Animation: Tailwind CSS, Shadcn/UI, Framer Motion, GSAP

Forms & Validation: React Hook Form, Zod

AI Engineering: Vercel AI SDK, OpenAI API, Model Context Protocol (MCP), Autonomous Agents, RAG Pipelines, Vector Databases, Context Engineering

CERTIFICATIONS

- AI Engineer Path — Scrimba, April 2026
- Next Level Web Development Boot Camp — Programming Hero, Dec 2025
